

Wyoming Counseling Association
Annual Conference
October 11-13, 2012
Best Western Ramkota, Casper, WY

“Thinking Our Way Through Change”

CALL FOR PROPOSALS

Please make the Wyoming Counseling Association Conference a big success this year by sharing your knowledge with your fellow counselors by presenting during a break out session for school counseling, student affairs, community counseling, addictions counseling or marriage and family therapy. Our featured keynote speaker is **Torrey Creed, Ph.D.**, a licensed clinical psychologist specializing in cognitive behavior therapy, (CBT), with children, adolescents, and families. Dr. Creed is on faculty at the Beck Institute in Philadelphia, PA, and an Associate Professor at the University of Pennsylvania’s Aaron T. Beck Psychopathology Research Center. Her recently co-authored book, *Cognitive Therapy for Adolescents in School Settings*, is being used as a guide for mental health services in the Philadelphia public schools. This conference is a wonderful time for you to come and share your expertise and knowledge of counseling with your fellow colleagues statewide. I think our conference this year will be an excellent opportunity for we as counselors to learn and find new tools to help our clients move towards personal success by *thinking their way through change*.

PLEASE SHARE this Call for Proposals with all interested colleagues.
